What is the Colorado Child Care Contribution Credit?

The Colorado Child Care Contribution Credit (CCCCC) provides a valuable tax credit against a taxpayer's Colorado state income tax. The credit equals fifty percent of the amount of a contribution made to a qualifying Colorado charitable organization that promotes child care.

Mackintosh Academy's preschool (pre-kindergarten program) qualifies us as a child care organization, so we are able to share this tax credit with our donors who make a gift of \$500 or more and designate it for the CCCCC.

It's a great way to double the impact of your gift! You can make a \$500 gift and essentially get back \$250 in a state tax credit. Make a \$1,000 gift and get back \$500. Make a \$5,000 gift and get back \$2,500.

You may also be eligible for further federal and state deductions depending on whether you itemize. Please consult with your tax advisor to confirm how this will affect you.

How do I indicate that I would like my gift to be eligible for the Colorado Child Care Contribution Credit?

Simply write CCCCC on your check. If you make a gift on Mack's online giving page, please type CCCCC into the notes or comments box on the online giving form. See the below answer regarding making your Colorado Gives Day gift.

What paperwork do I need to claim the credit on my taxes?

It's very simple! To claim the credit on your taxes, you will just need to submit a copy of the Form DR1317 at the time you submit your taxes (you can do this with a hard copy or scanned copy via email or digital upload). We will be sending out the Form DR1317 (Colorado Child Care Contribution Credit tax form) to donors who wish to receive the credit in early January so that it is handy for tax preparation.

If I make my Mack Fund gift through Colorado Gives Day, can I still receive the tax credit?

Yes, gifts of \$500 or more made to Mack through the Colorado Gives website are eligible for the credit. There's a box and drop down menu at the bottom of the online giving form on the CO Gives website where you can select "Consider this donation for Child Care Tax Credit."

If I decide to have my Mack Fund gift taken out monthly through the Mack website or through Colorado Gives Day, can I still receive the tax credit?

Yes, if you decide to give that gift monthly, you can still qualify for the credit but the credit you will receive will be for the payments on your gift that you made per calendar year. For example, if you pledge \$500 in November of the current year, the payments you make in November and December will go towards your credit amount for the current tax year and then the remaining payments will go towards the following tax year. As long as your original pledge/gift is \$500 or more, you will receive the credits.

We hope this has answered any questions you might have about the Colorado Child Care Contribution Credit.
